Discussion was held in regards to the parking behind the school and putting No Parking Signs by driveways due to school personnel or students are blocking them.

Lore Foley stated there have been vehicles blocking crosswalks and parking partially blocking intersections as well as partially blocking driveways. Soli also stated there have been mailboxes being blocked as well.

Skager stated that if it gets called in by calling either the McHenry County Office at 701-537-5633 or State Radio 1-800-472-2121 or 911. The deputies would respond and give citations to whomever necessary.

Foley also stated it seems like the deputies are not willing to do that. She said there was a deputy that came and was putting a 72-hour sticker on a vehicle that was blocking her driveway. Foley asked don't we have a deputy that is just within City of Velva at all times. Blotter stated no we have a contract with McHenry County. We do not have a City cop. Blotter stated we will let law enforcement address the issue and we will go from there as a City.

Bossert asked how far back from a driveway entrance do you have to be. Not sure will research the information.

[We have had Ottetail install 4 LED street lights at the NW corner of the school and are requesting feedback from the public about them.](#)
