Thank you for choosing Circle Sanitation to take care of your garbage disposal needs. We believe that our prices are competitive and our service unmatched. We do our best to exceed all of your expectations so please give us a call if we need to improve our service at your residence.

Frequently Asked Questions:

Container sizes.....Trash containers must be store bought and not exceed 32 gallons in size. We recommend Rubbermaid brand, we have found they tend to hold up the best.

Loose material.....all loose garbage and other materials, must be put in a closed disposable container to prevent blowing on windy days.

Animal waste.....must be put in a plastic bag before disposing into container.

Trees.....Yes, providing they are cut to 4ft lengths and tied into manageable bundles with rope. Reasonable amounts at a time.

Garden & Yard Waste....Yes, up to two bags. Must be bagged and made light enough for easy disposal. Large quantities will not be picked up. **No lawn mowers.**

Paint.....Yes, only if the paint is solidified with kitty litter and the covers left off for inspection.

Furniture.....Yes, we can take the following furniture, dresser, nightstand, couch, loveseat, chairs, mattress/boxspring, recliner. No hide a beds. Reasonable amounts at a time.

Carpet.....Yes, they must be cut and rolled into 4ft lengths. Must be placed nicely at curb. One room at a time.

Tires.....No, please do not put tires out for collection.

Ashes.....No coal ashes. Wood ashes must be completely cold and placed into plastic bags. Must be bagged and made light enough for easy disposal.

Appliances.....No. We are unable to take appliances in the truck. You can take them to any recycling center or even to the Minot Landfill for a small charge.

Rocks.....No, please do not put rocks, concrete, brick, dirt or metal out for collection.

Hazardous Waste.....NO! Hazardous Waste will not be picked up (oil, chemicals, etc.)

Construction Debris.....needs to be hauled by contractor or homeowner. Small amounts of scrap can be taken but needs to in the garbage can. No large or bulky pieces or timbers or metal.

We hope this helps but if you have any other questions please feel free to call our office.
